Race – The Official WTCC Game

Race is a racing simulator computer game based on the World Touring Car Championship released in November 2006. The game was developed and published by SimBin Studios (later Sector3 Studios and KW Studios), who had earlier produced critically acclaimed racing simulators like *GTR* and *GT Legends*, and distributed by Eidos in Europe and by Valve across their Steam network.[1] The first expansion pack, *Caterham Expansion* was released in June 2007 featuring new cars and tracks.

The game features almost all drivers and all of the teams and tracks from the 2006 World Touring Car Championship season.

It was followed by a sequel in 2007, named *Race 07*.

Race - The WTCC Game

Developer	SimBin Studios
Publisher	SimBin Studios
Engine	ISImotor
Platform	Microsoft Windows
Release	November 24, 2006
Genre	Sim racing
